"LEARN,ACHIEVE,INSPIRE"

The Learning Light : April-August Edition

"Illuminating Young Minds One Day at a Time "

PRINCIPAL'S DESK

Dear Parents,

As we bring to you the first edition of our school newsletter, I take this opportunity to reflect on a wonderful beginning to the academic year 2025-26.

The past few months have been a vibrant blend of learning, discovery, and enthusiasm. Our classrooms are once again alive with curiosity, creativity, and the cheerful energy of our students. Whether it was adapting to new routines, engaging in classroom activities, or participating in special events, our children have shown resilience, confidence, and a great sense of joy in learning.

These months, we also laid strong emphasis on foundational skills, value-based learning, and personal development — aligning with our vision to nurture well-rounded individuals. The support and encouragement from you, our parent community, have played a vital role in this journey. Your involvement strengthens our shared goal of shaping young minds with compassion, courage, and commitment.

As you flip through the pages of this newsletter, I hope you feel the same pride and happiness that we feel each day at school. There is so much more to look forward to — together, let's continue this journey with positivity and purpose.

With warm regards,
Ms Supal Gandhi

DIRECTOR ACADEMICS ADDRESS

Education is the most important tool for the development of the human being.

"Focussing on Excellence", we impart high-quality education using modern and appropriate methods of teaching.

We have chosen an educational process that intends to develop children with self-confidence, knowledge and skills in different subjects including co-curricular activities such as dramatics, debates, painting, sports, music, handicrafts and moral education.

We aim that our students should be well equipped to face the challenges of life.

Director-Academic's
Ms.Neelima Prakash

A Glimpse Within

There are moments that shape us, challenge us, and, above all, bring us closer together. This newsletter is more than just a summary of events and achievements — it's a vibrant collection of stories, voices, and dreams that reflect who we are as a school community.

Each page stands as a reminder of our hard work, creativity, and strength. From the first bell in the morning to the final goodbye, every conversation, every success, and even every setback has helped us grow together. These moments, big and small, are the threads of a larger story we are all writing side by side.

Let's take a moment to honour these threads with pride in what we've done, purpose in what we're doing, and hope for what lies ahead.

Keep shining, Keep growing.

Edition's Highlights:-

- CAMPUS CURRENTS
- WINNING MOVES
- TAPESTRY OF EXPRESSION
- YOUNG MINDS IN ACTION
- THE CREATIVE CREW

DAILY REMINDER:

"Believe you can, and you're halfway there."

"Healthy People Healthy Planet"

Science Exhibition

"Where Curiosity Meets Creativity!"

Janmashtami Celebration

Divine Rhythms of Krishna – Janmashtami Joy in Every Frame!

Secured 2nd Position in Story-Telling
at Summer Fields School

To me, success is not just about high marks but about learning and improving every day. Whatever we learn, we should apply that to our routine life which is what real success is. I believe that failure is necessary because when we face it, we get even more excited or curious and motivated towards achieving our goals.

PRIYAL MITTAL

My school has been the foundation of my growth—academically and personally. It has nurtured my curiosity, taught me discipline, and helped me become more confident. The learning environment is positive and encouraging, making every day a new opportunity to grow. I am especially thankful to our respected Principal Ma'am, whose vision and leadership inspire us all. I'm deeply grateful to my teachers for their constant guidance, support, and motivation. They make learning meaningful and push us to be our best selves. I feel proud to be part of a school that has shaped my journey so beautifully.

Music,Dramatics,Art Clubs: Voices,Vibrance and Vision

Sports Corner

"Unleashing the Champion Within! 🏆"

A glimpse of our students' spirit, strength, and sportsmanship in action!"

Student's Role in Saving the Environment

As a student, I believe that protecting the environment is not just a duty—it's a responsibility we all must share. I contribute by using eco-friendly products, avoiding single-use plastics, and saving water and electricity in my daily life. I actively participate in plantation drives, promote waste segregation, and encourage others to follow the 3Rs—Reduce, Reuse, Recycle. By raising awareness in school and my neighborhood, I try to inspire positive change. Even small steps, when taken consistently, can make a big impact. Let us, the students of today, become the green warriors of tomorrow and build a sustainable future.

SRISHTI SRIVASTAVA

☀ Rise and Shine ☀

When worries weigh your spirit down,
And shadows make you frown,
Lift your head and look ahead—
A brighter path awaits instead.
Every challenge that you face,
Is just a step towards your grace.
Believe in what your heart can do,
There's endless strength inside of you.
Dreams may seem so far away,
But take small steps each single day.
With hope in heart and courage strong,
You'll find the place where you belong.
So rise and shine, let fears be gone,
You're meant to grow, to carry on.
Keep moving forward, don't give in—
Your journey's just about to begin.

PRIYANSHI PAPNOI

Parent's Review

We were one of the early adaptors of the school. Our elder child was admitted in the first year of the school, in class UKG. At first, we were a bit skeptical like any parent would be for a new school, but we were convinced after having our first interaction, a very positive and healthy conversation, with the newly appointed school principal, Mrs. Supal Gandhi, who has been serving in this role commendably since then. Now, both our children have been studying here for years and Mrs. Gandhi's leadership is clearly visible in the way the school is run, with vision, discipline, and care. The commitment to academic excellence as well as holistic development is unmatched. While most schools of today run like corporate machines, SIS is different. It makes you feel the way we were educated during our early years, the classic way. It has been setting new benchmarks by balancing academic standards with a strong focus on ethics, values and student well-being. The teachers also deserve a big round of applause as they are dedicated, approachable, and genuinely invested in the growth of each child. Low student- teacher ratio also ensures that each student gets the desired attention. The teachers not only focus on imparting knowledge but also in building character, confidence, and creativity among students. Thank you for fostering a space where children can learn, grow, and thrive with confidence. Your hard work and passion truly make a difference. We feel proud and reassured knowing our child is in such capable hands. Regards
